

BULK TRANSPORT UNITS

DESCRIPTION

Sanjel Energy Services has a large fleet of Bulk Transport Units able to haul from 9 – 40 tonnes suitable for any size cementing job.

BULK TRANSPORT UNIT EQUIPMENT

- 28 m³ Pneumatic Transport
- Modified aeration pads and discharge piping
- Surge tank equipped with dust collector

PERFORMANCE

- Legal Load Limit: 21 – 27 tonnes
- Maximum Operating Pressure: 104 kPa

BODY JOB BULK TRANSPORT UNIT EQUIPMENT

- 20 m³ Cessco Pneumatic Transport
- Modified aeration pads and discharge piping
- Surge tank for continuous mixing procedure

PERFORMANCE

- Legal Load Limit: 11 tonnes
- Maximum Operating Pressure: 104 kPa

SUPER B TRANSPORT UNIT EQUIPMENT

- 62 m³ Super B Pneumatic Bulker
- Divided hoppers
- Air ride, aluminum wheels

PERFORMANCE

- Legal Load Limit: Lead – 19 tonnes
Pup – 21 tonnes
- Maximum Operating Pressure: 104kPa
